Meet Our Pocket 624

Two Bedroom, One Bath Home

This modular factory-built home is built to CA Title 24 building code, comes with solar, a mini-split HVAC and LED Lighting. This little pocket home spans 26 ft by 28 ft with vaulted ceilings that make it feel grand! Large windows and double door entry give opportunity for an indoor/outdoor living space with the minor addition of a patio. This little casa is perfect for a small family, newlyweds or retirement! What will you do with your Pocket 624?
